electronic thesis and
dissertation

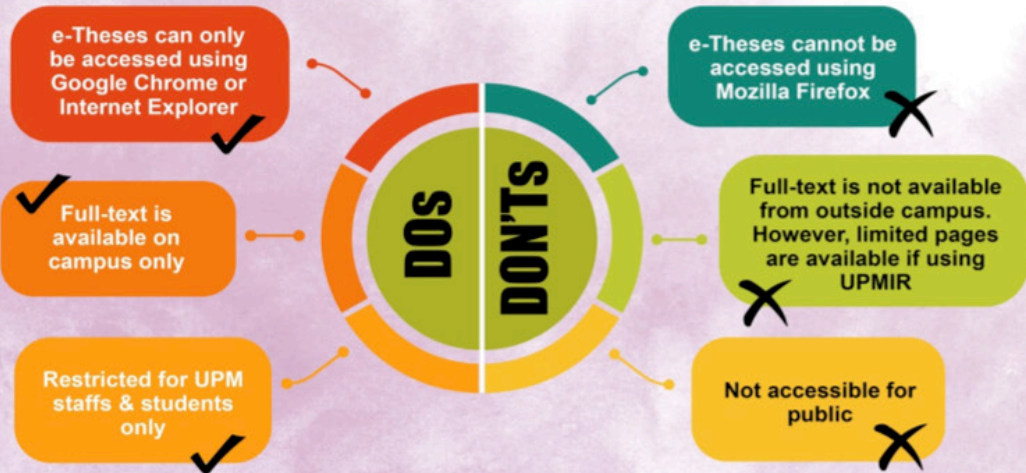

HELPFUL TIPS

WHEN LOOKING FOR
THESIS AND
DISSERTATION:

- Choose keywords relevant to your topics before searching. Limit your keywords, but avoid entering too many keywords in your search since this may give too specific results and you may struggle to find what you need.
- Looking at any thesis or dissertation available will also give you an idea of the format and layout use. Always check any **THESIS AND DISSERTATION GUIDELINES** use or given by your faculty.
